# AI Restaurant Website Builder & Digital Marketing Tool

Attract hungry customers and more online orders. Launch a ready restaurant website in about 30 minutes for \$399/month. No contracts, no agency retainers.

## Agency Results Without the Agency

Most restaurants do not have a web team. Traditional builds take weeks or months, and even a menu or hours change often needs a developer. Our AI builds your site, handles your SEO, and posts to your social media.

**30 min**

to a ready restaurant website

**\$399/mo**

Full Service package, no contract

**Up to 90%**

less than a traditional agency in year one

**\$0 today**

you pay only when you approve your site

Built around how diners choose: menu first, proof second, a clear way to order or reserve third. Mobile-first, fast, and branded to your restaurant.

# How Much Does a Restaurant Website Cost?

|                  | Traditional agency | Our AI package      |
|------------------|--------------------|---------------------|
| Website build    | \$3,000 – \$10,000 | \$0                 |
| Monthly retainer | \$500 – \$3,000/mo | \$399/mo            |
| Timeline         | 4 – 12 weeks       | Minutes, not months |
| Year one total   | \$9,000 – \$46,000 | <b>\$4,788</b>      |

**\$399 / month**

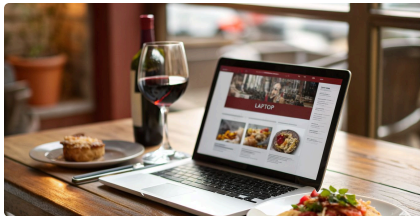

Full Service package. Meta advertising add-on available at \$349/month (ad spend billed separately by Meta).

Agency ranges are industry estimates from 2026 pricing guides. Actual quotes vary by agency and scope.

# From Idea to Live Website

- 1 Tell us about your restaurant**  
Name, location, menu, hours, photos and branding.
- 2 AI builds your website**
